01 — COMPANY OVERVIEW & POSITIONING

Media One Digital is a Malawian creative, branding, digital marketing and technology agency established in 2016. The business has evolved from a design-focused full-service agency into a broader creative and digital partner that can support a client from brand idea to digital presence and physical delivery.

The new positioning should communicate that Media One is more than a design supplier. It is a partner that combines creativity, strategy, technology and production to help businesses communicate professionally, attract attention and grow.

Master Tagline: *Creative. Digital. Delivered.*

Supporting Statement: *We build brands, create digital experiences and deliver creative solutions that help businesses stand out and grow.*

Homepage headline: *WE BUILD BRANDS THAT GET NOTICED.*

Positioning Promise

- **Creative:** Ideas designed to make brands stand out.
- **Strategic:** Creative work connected to real business objectives.
- **Reliable:** Professional communication and dependable delivery.
- **All-in-one:** Branding, marketing, design, print and digital solutions under one roof.
- **Local + Global:** Built in Malawi, capable of serving businesses beyond Malawi.

02 — OUR STORY, VISION & MISSION

Our Story

Intensity, Passion, Diversity and the best people were the four cornerstones on which Media One was founded in 2016. Those principles continue to shape the company as it grows and adapts to the changing needs of businesses.

Every project is treated as an opportunity to learn, evolve and demonstrate what can be accomplished through thoughtful creative work. Media One combines design, marketing, technology and production so clients can work with one creative partner across multiple needs.

One creative partner. Many possibilities.

Vision

To become a pioneer in cutting-edge design, creativity and innovation while creating opportunities for talented Malawians to contribute to a thriving creative industry.

Mission

To provide creative, digital and technology solutions that help new and existing brands make a meaningful difference. We aim to simplify complex challenges without compromising quality, efficiency or creativity.

Our promise

We do not create work simply because it looks good. We seek to understand the challenge, develop the idea, create the solution, refine it with the client and deliver it professionally.

03 — WHAT WE DO

Instead of presenting a long list of disconnected services, Media One should organise its offer around four simple creative pillars.

01 — BRAND	02 — GROW
Build a brand people remember. Corporate branding, identity, logo design, brand guidelines, stationery, business cards, staff IDs, corporate gifts, signage and promotional materials.	Turn attention into business growth. Digital marketing, social media management, content strategy, advertising, advert boosting, campaign management, digital campaigns, analytics and reporting.
03 — CREATE	04 — DELIVER
Turn ideas into powerful visual communication. Graphic design, creative advertising, company profiles, brochures, reports, magazines, flyers, posters, social media creatives and presentations.	Bring your brand to life online and offline. High-quality printing, business cards, company profiles, brochures, magazines, IDs, corporate gifts, website design, app design, web development, hosting and maintenance.

04 — BRANDING & CORPORATE IDENTITY

A strong brand is more than a logo. It should look, sound and feel consistent everywhere a customer encounters it.

Corporate Branding

Complete visual identity solutions for organisations that want to present themselves professionally and consistently.

Brand Identity

Logo systems, typography, visual direction and practical brand assets that make the identity recognisable.

Brand Guidelines

Clear rules for using the brand consistently across print and digital platforms.

Corporate Stationery

Business cards, letterheads, email signatures, staff IDs and other corporate documents.

Company Profiles

Professional company profiles that communicate the organisation, services, credibility and value proposition.

Corporate Gifts & Promotional Materials

Branded gifts and promotional items that extend the brand beyond the screen.

CTA: START MY BRAND

05 — DIGITAL MARKETING

Media One helps businesses turn social media and digital platforms into tools for visibility, engagement and growth.

Social Media Management

Strategy, content planning, publishing, engagement and ongoing page management.

Creative Advertising

High-impact visual campaigns designed to capture attention and communicate a clear message.

Advert Boosting

Targeted paid promotion designed to increase reach and support campaign objectives. Advertising spend is separate from management fees.

Digital Marketing

Campaign strategy, audience targeting, optimisation, analytics and reporting.

Content Strategy

Content calendars and creative direction aligned to business objectives, audience needs and campaign themes.

Reporting

Monthly performance summaries that help clients understand activity, reach, engagement and opportunities for improvement.

CTA: BUILD MY DIGITAL PRESENCE

06 — CREATIVE DESIGN & ADVERTISING

We turn ideas into visual communication that works across digital, print and advertising environments.

Graphic Design

Creative visual solutions for corporate, commercial and promotional communication.

Creative Advertising

Campaign concepts and artwork for digital and traditional advertising channels.

Company Profiles & Reports

Structured, professional documents designed to communicate complex information clearly.

Brochures, Flyers & Posters

Marketing collateral that supports promotions, events, products and services.

Social Media Creatives

Platform-ready visuals designed to work with content and campaign strategy.

Presentations & Publications

Professional presentations, magazines and other branded publications.

CTA: BRING MY IDEA TO LIFE

07 — PRINTING & CORPORATE GIFTS

Media One is positioned as a design + print partner: clients can move from creative concept to professionally produced physical materials through one trusted partner.

High-Quality Printing

Company profiles, brochures, magazines, reports, flyers and other business collateral.

Business Cards

Professional cards produced from approved brand artwork.

Corporate Documents

Printed reports, profiles, stationery and presentation materials.

IDs

Staff and organisational identification materials.

Corporate Gifts

Branded gifts and promotional items that support corporate visibility and campaigns.

Print Quotations

Printing should be quoted according to size, quantity, material, finishing and turnaround time rather than rigid online pricing.

CTA: REQUEST PRINT QUOTE

08 — WEBSITES, APPS & HOSTING

Businesses need a digital home that is attractive, functional, secure and built around the people who use it.

Website Design

Custom website layouts and visual systems designed around brand and business objectives.

Website Development

Responsive websites built for usability, performance and maintainability.

UI/UX Design

User-first interface and experience design for websites and digital products.

E-commerce

Online stores with product, customer, payment and delivery requirements defined per project.

Mobile Apps

Mobile application design and development for appropriate business and service use cases.

Domain & Hosting

Domain registration, hosting and business email support where required.

Maintenance, Security & Backups

Ongoing updates, support, security and backup services.

CTA: BUILD MY DIGITAL PLATFORM

09 — OUR APPROACH

From idea to delivery, the client experience should be simple and transparent.

01 — DISCOVER	Tell us about your business and what you need.
02 — CREATE	We develop the strategy and creative solution.
03 — REVIEW	You receive the work and provide feedback.
04 — APPROVE	Approve the work or request revisions.
05 — DELIVER	We deliver the final product and continue supporting you.

The new website should ultimately support this journey digitally: discover → see services → see work and clients → build trust → choose service/package → estimate → brief/chat → pay → track project → approve → receive final product → become a Media One Bestie.

10 — OUR VALUES

INTEGRITY	We operate honestly, professionally and transparently.
THE BEST PEOPLE	We believe great work comes from passionate, talented and dedicated people.
CLIENT-VALUE CREATION	Our work should create meaningful value and help clients achieve their objectives.
DIVERSITY	Different perspectives and strengths create stronger ideas and better outcomes.
HIGH PERFORMANCE	We maintain high standards across strategy, design, production and delivery.
EFFICIENCY	We seek smarter ways to complete tasks without wasting time or resources.

11 — OUR TEAM

THE PEOPLE BEHIND THE WORK

Great ideas come from great people. The existing company profile presents a multidisciplinary team covering creative leadership, UX/UI, development, marketing, operations, project management, finance and human resources.

TEAM MEMBER	ROLE	PROFILE
Shukuru Sean Jazzza	Managing Partner UX Designer & Developer	Leads digital experiences, user experience and technology-focused solutions.
McLean Mandiza	Managing Partner Head of Creative Design	Leads creative direction, graphic design and visual communication.
Vanessa Chitani	Head of Marketing & Strategy	Leads marketing strategy and helps align creative work with client objectives.
Taya Mtatola	Project Manager	Coordinates projects, timelines, communication and delivery.
Gomezgani Jenda	Head of Operations	Oversees day-to-day operations and organisational coordination.
Benedict Kamang'ani	Accountant	Supports financial management and administration.
Chikumbutso Bakuwa	Human Resource Manager	Supports people, culture and internal team development.

Website recommendation: use professional portraits together with candid photographs of the team working to create a stronger human connection.

12 — OUR CLIENTS & PORTFOLIO

BRANDS WE'VE WORKED WITH

The existing profile presents 30 client relationships/brands across corporate, financial, automotive, education, hospitality, food, logistics, retail and other sectors. The new profile should retain this credibility while presenting the client wall more visually.

INQ	Rab Processors
Institute of Marketing Malawi	S.R. Nicholas Limited
Malawi Institute of Management	University of Malawi
AfriBalk Connect	Cassim Motors
Fieldscope International	Nkhwazi Aero
ICTAM	City Funeral Equipment
320 Auto	Fast Express Logistics & Courier
Rymec	Dreamworks Investments
Tujaliwe's	Odala Furniture
Malawi Bureau of Standards (MBS)	Swipe
Pine Shack	Shift Cargo
Blossoms	Anandi
Umami	Food Space
Premium Car Hire	Claws Nail Bar

***Website portfolio structure: ALL | BRANDING | DIGITAL | ADVERTISING | DESIGN
| PRINT | WEB***

Each case study should show the client, service, challenge, solution, final outcome and strong visuals.

13 — MEDIA ONE PACKAGES

The website should keep pricing simple: Starter, Growth, Pro and Custom. The prices below are recommended starting prices for commercial positioning and should be reviewed periodically based on scope, production costs and market conditions.

THE BIG IDEA

Don't build Media One Digital a website that only tells people what you do. Build a website that lets people actually do business with you.

MEDIA ONE DIGITAL — THE NEW DIRECTION

The updated company profile should move Media One from the perception of “a company that designs things” to a business partner that helps clients build, communicate, market and deliver.

The strategic formula is:

CREATIVITY + STRATEGY + DIGITAL + TECHNOLOGY + DELIVERY

A client should be able to discover Media One, understand the offer, see credible work and clients, choose a service or package, request a quote, submit a brief, pay, track a project, approve work and continue the relationship through the Media One Besties programme.

MEDIA ONE DIGITAL

Creative. Digital. Delivered.

Recommended master message:

We build brands, create digital experiences and deliver creative solutions that help businesses stand out and grow.

Document note

This document combines the established information visible in the existing Media One company profile with the expanded services, positioning, website architecture and customer journey contained in the new Media One Digital website structure. The package and service prices are recommended starting rates prepared for commercial positioning and should be confirmed internally before publication.
