

MEDIA ONE DIGITAL

OUR TEAM

Behind every idea, strategy and creative solution at Media One Digital is a team of passionate professionals who bring different skills and perspectives to the table.

From technology and creative design to project management, operations and business support, our team works collaboratively to turn ideas into meaningful digital experiences and solutions.

Shukuru Sean Jazza

Managing Partner | UX Designer & Developer

Shukuru combines technology, creativity and problem-solving to build digital experiences that are both functional and user-focused. As Managing Partner, he contributes to the company's digital direction while bringing expertise in UX design, development and technology.

McLean Mandiza

Managing Partner | Head of Creative Design

McLean leads the creative vision at Media One Digital. With a strong eye for design and brand communication, he transforms ideas into compelling visual experiences that help businesses communicate clearly, professionally and creatively.

Benedict Kamang'ani

Head of Operations

Benedict keeps the engine running behind the scenes. He oversees operational processes, coordinates internal activities and helps ensure that our team delivers projects efficiently while maintaining the standards our clients expect.

Taya Matola

Project Manager

Taya brings structure and coordination to every project. She works across teams to keep projects organised, timelines on track and deliverables aligned with client expectations, ensuring ideas move smoothly from concept to completion.

Gomezgani Jenda

Accountant

Gomezgani supports the financial side of the business, helping maintain sound financial processes and accurate records. His work contributes to the stability, accountability and continued growth of Media One Digital.

Chikumbutso Bakuwa

Human Resource Manager

Chikumbutso focuses on the people behind the work. He supports our team through effective human resource management, employee coordination and people development, helping foster a positive environment where our team can thrive.
